EVENT 7

CHICKENRAT EGG AND SPOON RACE

How to Play:

1. Create a start line and a finish line.
2. Call out "ready" - players approach the start line with one chickenrat egg and one spoon each.
3. Call out "set"- the players place their chickenrat egg on their spoon.
4. Call out "go"- and the players walk quickly (but carefully) to the finish line.
5. First to the end wins - as long as the egg is still on the spoon.

Rules:

1. You can't stop the chickenrat egg from rolling off the spoon with your hands or any part of your body.
2. If the chickenrat egg falls you can start again from the start line with a new chickenrat egg.
3. Points are handed out based on what position you crossed the finish line.
4. Phew! You must be hungry by now. Time for a snack.
